

Council Crew Agenda

Date - 13th February 2020

"Valentine's Day / Half Term / House Points"

Items

*(collect your Year 1's and 2's)*

Check in (Good afternoon... Good afternoon) Tomorrow is Valentine's Day so today's check in question could be "How do you know that someone loves you?"

Game - human knot - go round the circle, everyone joins hand with another person - not the person next to them. Then join the other hand with a different person - making a human knot. See if you can work together to untangle without letting go?

3) Today's Discussion

There are 2 items for this week

House Points - some people have raised the issue that America wins a lot!

Why do you think this is?

Is this a problem or should everyone else just try harder?

Could it be because the houses are not balanced in terms of the people in each one?

How could we solve the problem?

Do we need to sort people into houses again?

Should teachers decide who is in what house to make it fair??

Could Council Crews be in the same house together???

Does everyone even know which house they are in?

*Crew leaders - try to make sure everyone has a chance to speak / perhaps encourage a hand to hand protocol to share thoughts?*

*Crew leaders capture any ideas and feedback to Mrs Smyth*

Half term - has anyone got any plans they would like to share for the week off?

Diary for next week -

Friday - break up at normal time for half term

*(Take Year 1's and 2's back to class)*
