

## READING FOR PLEASURE NEWSLETTER- JANUARY 2025

Happy New Year to all our wonderful families! This month we will see the start of our Reading Newsletter. I invite children and adults to send us book reviews via SeeSaw and we will pick one each month to publish in our newsletter.

This year is the National Year of Reading. The National Year of Reading 2026 is a UK-wide initiative led by the Department for Education and the [National Literacy Trust](#), launched to boost reading for pleasure across all ages, making reading relevant in the digital world and tackling declining reading habits, especially among children and young people, through community engagement, events, and resources, all under the "Go All In" campaign banner.
