- What should you do if you see something online that makes you feel worried, confused, or upset?
- How can we make sure we only talk to people online who are safe and trustworthy?
- What kinds of personal information should we *never* share on the internet, even with friends?
- How can we help younger children in our school learn to use the internet safely?
- What rules or reminders could our school put up in classrooms or computer areas to help everyone stay safe online?
- What are some fun and safe things you enjoy doing on the internet, and how do you know they’re safe?
